

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC35820
Name	Mal-PEG3-alcohol

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com
order@dcchemicals.com

Chemical Properties

CAS	
Formula	C10H15NO5
MW	229.23
Storage	
Structure	 <p>The chemical structure shows a malonamide ring (a five-membered ring with a nitrogen atom and two carbonyl groups) connected via a propyl chain to a PEG3 chain (three ethylene glycol units), which terminates in a primary alcohol group.</p>
