

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36310
Name	VH032 phenol - linker 2

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

## Chemical Properties

CAS	
Formula	C30H47CL2N5O5S
MW	660.7
Storage	
Structure	 <p>The chemical structure shows a complex molecule with a central benzene ring. It features a phenol group, a linker, and a complex heterocyclic system containing sulfur, nitrogen, and oxygen atoms. The structure is surrounded by several water molecules (H2O) and a chloride ion (Cl-).</p>
