

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36438
Name	(+)-Ambuic Acid

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>19</sub> H <sub>26</sub> O <sub>6</sub>
MW	350.41
Storage	
Structure	 <p>The image shows the chemical structure of (+)-Ambuic Acid. It is a complex molecule with a central ring system, multiple hydroxyl groups, and a long alkyl chain. The structure is labeled with 'OH' and 'H-C' groups, and a 'CH=CH' group is also indicated.</p>
Purity
