

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36580
Name	Desmethyl icaritin

**Tel:** +86-21-58447131

## Chemical Properties

CAS	
Formula	C <sub>20</sub> H <sub>18</sub> O <sub>6</sub>
MW	354.358
Storage	
Structure	 <p>The chemical structure of Desmethyl icaritin is a flavonoid. It features a central chromone ring system. At the 7-position, there is a 4-hydroxyphenyl group. At the 8-position, there is a 3,4-dihydroxyphenyl group. At the 6-position, there is a prop-1-en-2-yl group. The structure is shown with explicit hydrogen atoms for the hydroxyl groups and the propenyl group.</p>
