

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC32128
Name	Dextrorphan tartrate

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com
order@dcchemicals.com

Chemical Properties

CAS	143-98-6
Formula	C ₂₁ H ₂₉ NO ₇
MW	407.463
Storage	
Structure	 <p>The image shows two chemical structures. On the left is the structure of Dextrorphan, a pentacyclic alkaloid with a quinuclidine core and a hydroxyl group. On the right is the structure of Tartaric acid, a four-carbon dicarboxylic acid with two hydroxyl groups. The word 'Chiral' is written above the tartaric acid structure.</p>
