

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC32175
Name	Eicosapentaenoic Acid Ethyl Ester

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com

Chemical Properties

CAS	86227-47-6
Formula	C22H34O2
MW	330.512
Storage	
Structure	 <p>The image shows the chemical structure of Eicosapentaenoic Acid Ethyl Ester. It consists of a long hydrocarbon chain with five double bonds (pentaenoic) and an ethyl ester group at the end. The methyl group of the ethyl ester is labeled as CH₃. The other end of the chain is also labeled as H₃C.</p>
