Chemical Properties

CAS	22131-79-9
Formula	C ₁₁ H ₁₁ ClO ₃
MW	226.656
Storage	
Structure	 <p>The chemical structure of Alclofenac is shown. It consists of a central benzene ring with a chlorine atom at the 1-position, a propionic acid group at the 4-position, and a prop-1-en-2-yloxy group at the 2-position.</p>
Purity
