

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC32646
Name	Sisomicin

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	32385-11-8
Formula	C ₁₉ H ₃₇ N ₅ O ₇
MW	447.53
Storage	
Structure	 <p>The image shows the chemical structure of Sisomicin, a complex molecule consisting of three linked rings: a pyridine ring, a pyrimidine ring, and a pyridine ring. The structure is annotated with various atoms and their counts: C₁₉, H₃₇, N₅, O₇, and a CH₂ group. The structure is drawn in a perspective view, showing the spatial arrangement of the atoms.</p>
