Chemical Properties

CAS	39277-41-3
Formula	C ₃₀ H ₃₁ NO ₁₀
MW	565.57
Storage	
Structure	 <p>The image shows the chemical structure of Viridicatumtoxin, a complex polycyclic molecule. It features a central core with multiple fused rings, including a cyclopentane ring and a cyclohexane ring. The structure is highly substituted with various functional groups, including hydroxyl groups (OH), carbonyl groups (C=O), and a terminal aldehyde group (CHO). The molecule is shown in a perspective view, with atoms labeled with their respective symbols (C, H, O, N) and some stereochemistry indicated by wedges and dashes.</p>
