Chemical Properties

CAS	1527513-89-8
Formula	C ₂₅ H ₂₀ AUOPS
MW	596.4343
Storage	
Structure	 <p>The chemical structure shows a central Au atom coordinated to a thiazole ring, a phenyl ring, and a propargyl group. The propargyl group is attached to a 4-chlorophenyl ring. The thiazole ring is also attached to a phenyl ring. The Au atom is also coordinated to a hydrogen atom and a chlorine atom.</p>
