Chemical Properties

CAS	790305-05-4
Formula	C ₂₆ H ₄₀ N ₄ O ₈ S
MW	568.686
Storage	
Structure	 <p>The image shows the chemical structure of ITMN 4077, a complex macrocyclic molecule. It features a large ring system with multiple amide bonds, a sulfonamide group, and a hydroxyl group. The structure is labeled 'Chiral' and includes stereochemical indicators such as wedged and dashed bonds. The structure is drawn in a 2D representation with some 3D-like shading to indicate its complex, cyclic nature.</p>
