

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC33790
Name	Nitilotriacetic acid

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>6</sub> H <sub>9</sub> NO <sub>6</sub>
MW	191.14
Storage	
Structure	 <p>The chemical structure shows a central nitrogen atom bonded to three ethyl chains. Each ethyl chain is terminated with a carboxylic acid group (-COOH). The structure is a tertiary amine with three carboxymethyl substituents.</p>
Purity
