

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC33825
Name	Octanoic acid

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com
order@dcchemicals.com

Chemical Properties

CAS	
Formula	C ₈ H ₁₆ O ₂
MW	144.21
Storage	
Structure	 <p>The image shows the skeletal structure of octanoic acid, which consists of a straight chain of eight carbon atoms. The first carbon is a methyl group (labeled H-C), and the eighth carbon is part of a carboxyl group (labeled C=O and OH).</p>
