

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34023
Name	ISAM-140

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	
Formula	C ₁₉ H ₁₉ N ₃ O ₃
MW	337.38
Storage	
Structure	 <p>The chemical structure of ISAM-140 is a complex heterocyclic molecule. It features a central pyrimidine ring system. Attached to this system are a benzimidazole ring, a furan ring, and a propionic acid side chain. The structure is shown in a skeletal representation with explicit hydrogen and oxygen atoms.</p>
Purity
