

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34072
Name	NBD-Pen

**Tel:** +86-21-58447131

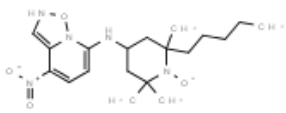

**Fax:** +86-21-61642470

## Chemical Properties

CAS	
Formula	C <sub>19</sub> H <sub>30</sub> N <sub>5</sub> O <sub>4</sub>
MW	392.48
Storage	
Structure	 <p>The chemical structure shows a 6-membered ring with a nitrogen atom at the top, bonded to a hydrogen atom and a carbonyl group (C=O). The ring is substituted with a 5-membered ring containing a nitrogen atom and a carbonyl group. A side chain is attached to the 5-membered ring, consisting of a methylene group, a nitrogen atom bonded to a hydrogen atom, and a terminal methyl group.</p>
Purity
