

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34125
Name	Gibberellic acid

Tel: +86-21-58447131

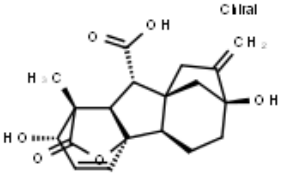

Fax: +86-21-61642470

## Chemical Properties

CAS	
Formula	C <sub>19</sub> H <sub>22</sub> O <sub>6</sub>
MW	346.37
Storage	
Structure	 <p>The image shows the chemical structure of Gibberellic acid, a complex polycyclic molecule. It features a central ring system with several hydroxyl groups and a carboxylic acid group. The structure is labeled with 'H3C', 'OH', 'CH2', and 'OH' at various positions. The carboxylic acid group is labeled 'COOH'.</p>
