

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34141
Name	Phenolphthalein

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>20</sub> H <sub>14</sub> O <sub>4</sub>
MW	318.32
Storage	
Structure	 <p>The image shows the chemical structure of Phenolphthalein. It consists of a central carbon atom bonded to three phenyl rings. One phenyl ring is part of a lactone ring system, which is fused to another phenyl ring. The other two phenyl rings are substituted with hydroxyl groups (-OH) at the para position.</p>
