

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34161
Name	Pamoic acid

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>23</sub> H <sub>16</sub> O <sub>6</sub>
MW	388.37
Storage	
Structure	 <p>The chemical structure of Pamoic acid is a complex polycyclic molecule. It features two naphthalene-like fused ring systems connected by a central chain. The structure includes several hydroxyl groups (OH) and carboxylic acid groups (COOH) attached to the rings.</p>
