

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34517
Name	Chalinasterol

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	
Formula	C ₂₈ H ₄₆ O
MW	398.68
Storage	
Structure	 <p>The image shows the chemical structure of Chalinasterol, a complex polycyclic molecule. It features a steroid-like core with a long side chain and a hydroxyl group. The structure is labeled 'Chalinasterol' and includes stereochemical indicators such as 'H-C' and 'C-H'.</p>
