

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34549
Name	Nimbolide

Tel: +86-21-58447131

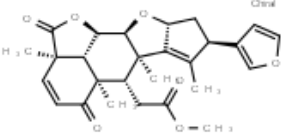

Fax: +86-21-61642470

Email:

## Chemical Properties

CAS	
Formula	C <sub>27</sub> H <sub>30</sub> O <sub>7</sub>
MW	466.53
Storage	
Structure	 <p>The image shows the chemical structure of Nimbolide, a complex polycyclic molecule. It features a central ring system with several oxygen atoms and methyl groups. A furfuryl group is attached to the structure. The structure is labeled with 'CH<sub>3</sub>' and 'O-CH<sub>3</sub>' groups.</p>
