

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34606
Name	Ascofuranone

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>23</sub> H <sub>29</sub> ClO <sub>5</sub>
MW	420.93
Storage	
Structure	 <p>The chemical structure shows a central chain of carbon atoms with various functional groups. On the left, there is a benzene ring with a chlorine atom and two hydroxyl groups. The chain continues with several double bonds and a furanone ring system on the right. The structure is labeled with 'OH', 'Cl', 'CH', and 'CH<sub>2</sub>' groups.</p>
