

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34630
Name	Diflorasone Diacetate

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>26</sub> H <sub>32</sub> F <sub>2</sub> O <sub>7</sub>
MW	494.53
Storage	
Structure	 <p>The image shows the chemical structure of Diflorasone Diacetate. It is a complex steroid molecule with a phenyl ring at the 3-position, two fluorine atoms at the 2 and 6 positions, and two acetoxy groups at the 17 and 21 positions. The structure is drawn in a perspective view showing the stereochemistry of the rings and substituents.</p>
