

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34785
Name	Propargyl-PEG1-t-butyl ester

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>10</sub> H <sub>16</sub> O <sub>3</sub>
MW	184.235
Storage	
Structure	 <p>The chemical structure shows a tert-butyl group (a central carbon atom bonded to three methyl groups) connected via an oxygen atom to a carbonyl group (C=O). This carbonyl group is further connected to a two-carbon chain, which is then linked via another oxygen atom to a propargyl group (a two-carbon chain ending in a terminal alkyne group, -C≡CH).</p>
