

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC34803
Name	Propargyl-PEG4-amine

**Tel:** +86-21-58447131

**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C11H21NO4
MW	231.29
Storage	
Structure	 <p>The image shows the chemical structure of Propargyl-PEG4-amine, which is a linear polyethylene glycol chain with four ether linkages, terminated with a primary amine group on one end and a propargyl group on the other. The structure is represented as a zigzag line with oxygen atoms at the vertices and a terminal group consisting of a carbon-carbon triple bond and a nitrogen atom with a hydrogen atom.</p>
Purity
