## Chemical Properties

|           |   |
|-----------|---|
| CAS       |   |
| Formula   | C <sub>12</sub> H <sub>28</sub> N <sub>2</sub> O <sub>5</sub>   |
| MW        | 280.37  |
| Storage   |   |
| Structure |  <p>The image shows the chemical structure of Amino-PEG5-amine, which is a linear poly(ethylene glycol) chain with five repeating units. The structure is represented as a zigzag line with oxygen atoms at the vertices and hydrogen atoms at the ends, indicating a terminal primary amine group.</p> |
| Purity    |   |
