Chemical Properties

CAS	
Formula	C9H18O6
MW	222.24
Storage	
Structure	 <p>The chemical structure shows a linear polyethylene glycol (PEG) chain with three repeating units. The chain starts with a carboxylic acid group (HO-C=O) at one end and ends with a hydroxyl group (-OH) at the other. The repeating units are -CH2-CH2-O-CH2-CH2-O-. The SMILES representation is <chem>OC(=O)CCOCCOCCOCCO</chem>.</p>
