Chemical Properties

CAS	
Formula	C ₈ H ₁₅ ClO ₄
MW	210.65
Storage	
Structure	 <p>The chemical structure shows a three-unit poly(ethylene glycol) chain (m-PEG3) terminated with a carboxylic acid group. The structure is represented as a zigzag line with oxygen atoms at the vertices, starting with a carboxylic acid group (COOH) and ending with a hydroxyl group (OH).</p>
