

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC35618
Name	diethyl 8-bromooctylphosphonate

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>12</sub> H <sub>26</sub> BrO <sub>3</sub> P
MW	329.21
Storage	
Structure	 <p>The chemical structure shows a phosphorus atom double-bonded to an oxygen atom and single-bonded to two ethyl groups (CH<sub>2</sub>CH<sub>3</sub>). The phosphorus atom is also single-bonded to an oxygen atom, which is further bonded to an 8-bromooctyl chain (a long hydrocarbon chain with a bromine atom at the end).</p>
