Chemical Properties

CAS	53516-73-7
Formula	
MW	
Storage	4°C for 1 year, -20°C for more than 2 years
Structure	 <p>The image shows the chemical structure of Quinovin, a complex polycyclic molecule. It features a central benzene ring fused to several other rings, including a pyridine ring and a quinoline-like system. The structure is highly substituted with various functional groups, including hydroxyl groups and a chiral center. The label 'Chiral' is placed above the structure.</p>
Purity	>98%, Standard References Grade
