Chemical Properties

CAS	3570-62-5
Formula	C ₁₇ H ₁₄ O ₅
MW	298.3
Storage	4°C for 1 year, -20°C for more than 2 years
Structure	 <p>The chemical structure shows a flavone core with a hydroxyl group at position 5 and two methoxy groups at positions 7 and 8. A phenyl ring is attached at position 2.</p>
Purity	>98%, Standard References Grade
