

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC38064
Name	Lotaustralin

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	534-67-8
Formula	C <sub>11</sub> H <sub>19</sub> NO <sub>6</sub>
MW	261.27
Storage	
Structure	 <p>The chemical structure shows a pyranose ring with hydroxyl groups at C2, C3, and C6. A hydroxymethyl group is attached to C4. An oxygen atom at C1 is linked to a chiral center, which is also bonded to a methyl group, a nitrile group, and another methyl group. The chiral center is labeled 'Chiral'.</p>
