

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37962
Name	Lauryl gallate

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com
order@dcchemicals.com

Chemical Properties

CAS	
Formula	C19H30O5
MW	338.44
Storage	
Structure	 <p>The image shows the chemical structure of Lauryl gallate, which consists of a lauryl chain (a long hydrocarbon chain with a methyl group at the end) attached to a gallate moiety (a benzene ring with three hydroxyl groups and an ester linkage).</p>
Purity
