

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37975
Name	Lead phthalocyanine

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	
Formula	C ₃₂ H ₁₆ N ₈ PB
MW	719.73
Storage	
Structure	 <p>The image shows the chemical structure of Lead phthalocyanine, a macrocyclic complex consisting of four nitrogen atoms coordinated to a central lead atom, with four phenyl rings attached to the nitrogens. The structure is labeled with 'Pb' and '2+' indicating the lead ion.</p>
