

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37792
Name	Arginine glutamate

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>11</sub> H <sub>23</sub> N <sub>5</sub> O <sub>6</sub>
MW	321.33
Storage	
Structure	 <p>The image shows the chemical structure of Arginine glutamate, which consists of an arginine molecule (a guanidino group attached to a propyl chain) and a glutamate molecule (a carboxylic acid group attached to a propyl chain) via their respective side chains.</p>
Purity
