

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37906
Name	Tyrosyltyrosine

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>18</sub> H <sub>20</sub> N <sub>2</sub> O <sub>5</sub>
MW	344.36
Storage	
Structure	 <p>The image shows the chemical structure of Tyrosyltyrosine, a dipeptide. It consists of a tyrosine residue (left) and a tyrosine residue (right) linked by a peptide bond. The left tyrosine has a hydroxyl group on its para position, and the right tyrosine has a hydroxyl group on its para position. The structure is shown in a skeletal representation with labels for H, O, and NH.</p>
