

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37994
Name	Leucokinin I

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>41</sub> H <sub>53</sub> N <sub>11</sub> O <sub>12</sub>
MW	891.94
Storage	
Structure	 <p>The image shows the chemical structure of Leucokinin I, a complex polypeptide chain with various side chains including aromatic rings, hydroxyl groups, and amide bonds. The structure is rendered in a ball-and-stick model with atoms labeled with their respective elements and oxidation states.</p>
