

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36911
Name	Thiodigalactoside

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	
Formula	C ₁₂ H ₂₂ O ₁₀ S
MW	358.358
Storage	
Structure	 <p>The image shows the chemical structure of Thiodigalactoside, which consists of two galactose units linked by a sulfur atom at their anomeric carbons. The structure is shown in a chair conformation with various hydroxyl groups and a hydroxymethyl group attached to the rings.</p>
