

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36921
Name	Unoprostone

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>22</sub> H <sub>38</sub> O <sub>5</sub>
MW	382.541
Storage	
Structure	 <p>The chemical structure of Unoprostone is a complex molecule. It features a central five-membered ring with two hydroxyl groups (-OH) attached. This ring is connected to a long, branched chain that includes a double bond and a terminal methyl group (-CH<sub>3</sub>). The structure is labeled 'China'.</p>
