

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36941
Name	Glycidol methacrylate

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:
sales@dcchemicals.com
order@dcchemicals.com

Chemical Properties

CAS	
Formula	C7H10O3
MW	142.15
Storage	
Structure	 <p>The chemical structure shows a glycidol ring (a three-membered epoxide ring) attached to a methacrylate group. The methacrylate group consists of a carbonyl group (C=O) bonded to a methylene group (CH2) and a methyl group (CH3).</p>
