

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36977
Name	Adipic acid

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C6H10O4
MW	146.14
Storage	
Structure	 <p>The image shows the skeletal structure of adipic acid, a six-carbon dicarboxylic acid. It consists of a central hexamethylene chain with a carboxylic acid group at each end. The carboxylic acid groups are shown with their respective carbonyl (C=O) and hydroxyl (OH) groups.</p>
Purity
