

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37189
Name	Furoin

**Tel:** +86-21-58447131

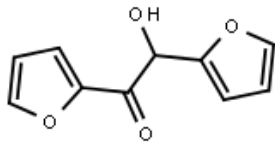

**Fax:** +86-21-61642470

**Email:**

[sales@dcchemicals.com](mailto:sales@dcchemicals.com)

## Chemical Properties

CAS	
Formula	C10H8O4
MW	192.17
Storage	
Structure	 <p>The chemical structure of Furoin is shown, consisting of two furan rings connected by a central carbon atom. This central carbon is also bonded to a carbonyl group (C=O) and a hydroxyl group (OH).</p>
Purity
