

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37361
Name	Fenchyl acetate

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>12</sub> H <sub>20</sub> O <sub>2</sub>
MW	196.29
Storage	
Structure	 <p>The image shows the chemical structure of fenchyl acetate. It consists of a bicyclic fenchene core with an acetate group (-O-C(=O)-CH<sub>3</sub>) attached to the 2-position. There are four methyl groups (CH<sub>3</sub>) attached to the bicyclic system at various positions.</p>
