## Chemical Properties

CAS	
Formula	C14H13NO
MW	211.26
Storage	
Structure	 <p>The chemical structure shows a biphenyl system (two benzene rings connected by a single bond). The first benzene ring has an acetamido group (-NH-C(=O)-CH<sub>3</sub>) attached at the 2-position. The second benzene ring is attached at the 1-position of the first ring.</p>
