Chemical Properties

CAS	
Formula	C15H10O2
MW	222.24
Storage	
Structure	 <p>The image shows the chemical structure of Benzalphthalide, which consists of a phthalide ring system (a benzene ring fused to a five-membered lactone ring) with a benzylidene group (-CH=CH-Ph) attached to the 3-position of the lactone ring.</p>
Purity
