

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37443
Name	Methylcymantrene

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>9</sub> H <sub>7</sub> MnO <sub>3</sub>
MW	218.09
Storage	
Structure	 <p>The image shows the chemical structure of methylcymantrene, which consists of a cyclopentadienyl ring coordinated to a manganese atom. The manganese atom is also coordinated to a methyl group (H<sub>3</sub>C) and two carbonyl groups (C=O). The structure is shown in a skeletal representation with the methyl group and one carbonyl group explicitly drawn, and the manganese atom coordinated to the ring and the other carbonyl group.</p>
