

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC37559
Name	Salicylanilide

**Tel:** +86-21-58447131

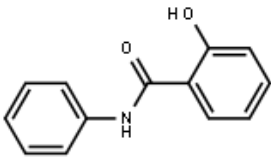

**Fax:** +86-21-61642470

**Email:**

[sales@dcchemicals.com](mailto:sales@dcchemicals.com)

[order@dcchemicals.com](mailto:order@dcchemicals.com)

## Chemical Properties

CAS	
Formula	C13H11NO2
MW	213.23
Storage	
Structure	 <p>The image shows the chemical structure of Salicylanilide, which consists of an aniline ring (a benzene ring with an NH group) connected via a carbonyl group (C=O) to a salicylic acid ring (a benzene ring with an OH group at the ortho position).</p>
Purity
