

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36608
Name	Deanol bitartrate

**Tel:** +86-21-58447131  
**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	
Formula	C <sub>8</sub> H <sub>17</sub> NO <sub>7</sub>
MW	239.22
Storage	
Structure	 <p>The image shows the chemical structure of Deanol bitartrate. On the left is the structure of Deanol (2-amino-3-butanol), with a methyl group (CH<sub>3</sub>) attached to the nitrogen atom. On the right is the structure of bitartrate (2,3-dihydroxybutanedioate), showing two carboxylate groups (COO<sup>-</sup>) and two hydroxyl groups (OH) on a four-carbon chain.</p>
