

Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC36641
Name	Decan-2-ol

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	
Formula	C ₁₀ H ₂₂ O
MW	158.285
Storage	
Structure	 <p>The image shows the skeletal structure of Decan-2-ol, a ten-carbon chain with a hydroxyl group on the second carbon. The structure is drawn with a zigzag line for the carbon chain, and the hydroxyl group is shown as a vertical line with 'O' and 'H' atoms. The terminal carbons are labeled 'H₃C'.</p>
