Chemical Properties

CAS	2407829-65-4
Formula	C ₁₇ H ₁₂ N ₂ O ₅
MW	324.29
Storage	
Structure	 <p>The chemical structure shows a naphthalene ring system with a hydroxyl group at the 4-position and a 1,2-dione bridge at the 1 and 8 positions. This bridge is connected to a six-membered ring containing a nitrogen atom and a carbonyl group, with another carbonyl group at the 4-position of this ring.</p>
Purity	>98%
