Chemical Properties

CAS	67909-49-3
Formula	C ₁₉ H ₁₅ N ₃ O
MW	301.341903924942
Storage	4°C for 1 year, -20°C for more than 2 years
Structure	 <p>The chemical structure of Dehydroevodiamine is a complex polycyclic system. It features a central six-membered ring with two nitrogen atoms and a carbonyl group. This central ring is fused to a benzene ring on one side and a five-membered ring containing a nitrogen atom on the other. The five-membered ring is further fused to another benzene ring. A methyl group is attached to one of the nitrogen atoms in the central ring.</p>
Purity	>98%, Standard References Grade
